BIOHORIZONS®

Asia Pacific Symposium Series 2013

Shangri-La Hotel
September 6-8, 2013
Mumbai, India

FEATURING

Marius Steigmann, Bach Le
Jack Ricci, Alain Romanos

The BioHorizons Asia Pacific Symposium Series is a two day congress featuring renowned international speakers addressing current trends in implant dentistry and tissue grafting. Speakers will present a range of topics from advanced grafting techniques to immediate restoration considerations. Participants will learn how to attain esthetic results in the anterior region as well as methods for managing challenging cases.

Learning Objectives

- Manage complicated surgical and restorative cases
- Refine hard and soft tissue grafting procedures
- Enhance sinus augmentation techniques
- Achieve esthetic results in the anterior
- Evaluate immediate implant placement and restoration considerations

Featuring Marius Steigmann, Bach Le, Jack Ricci and Alain Romanos

Marius Steigmann

Bach Le
