

BIOHORIZONS[®]

Asia Pacific Symposium Series 2014

Sydney, Australia • August 14-16

Four Seasons Hotel Sydney

FEATURING

Drs. Edward P. Allen,
Dennis Tarnow & Lewis Cummings

BIOHORIZONS ASIA PACIFIC SYMPOSIUM SERIES • AUGUST 14-16, 2014

The BioHorizons Asia Pacific Symposium Series is a three day congress, featuring renowned international and local speakers addressing current trends in implant dentistry and tissue grafting including full day workshops. Speakers include **Drs. Edward P. Allen, Dennis Tarnow and Lewis Cummings** who will present a range of topics from advanced grafting techniques to immediate restoration considerations. Participants will learn how to attain esthetic results in the anterior region as well as methods for managing challenging cases.

FEATURED WORKSHOP

Minimally Invasive Soft Tissue Grafting for Teeth & Implants

This updated course focuses on the use of acellular dermal matrix for treatment of root exposure and soft tissue problems around implants.

- 10 keys for successful soft tissue surgery
- minimally invasive surgical techniques
- microsurgical instrumentation & specialized suturing techniques
- management of soft tissue deficiencies at implant sites
- interdisciplinary management of non-carious cervical lesions
- rationale & technique for using PRP (platelet rich plasma)
- management of complications
- current clinical research findings

Hands-on exercises on new models with implants and illustrated step-by-step procedural manuals enhance your ability to immediately incorporate these procedures into your practice.

Workshop Session I

Melbourne, Victoria
August 9th-10th, 2014

Workshop Session II

Sydney, NSW
August 13th -14th, 2014

AGENDA

Wednesday, August 13 • Pre-symposium Workshop

7 CPD hours

9:00am - 5:00pm Minimally Invasive Soft Tissue Grafting for Teeth & Implants (Day 1 of 2) Edward P. Allen

Thursday, August 14 • Pre-symposium Workshop

7 CPD hours

9:00am - 5:00pm Minimally Invasive Soft Tissue Grafting for Teeth & Implants (Day 2 of 2) Edward P. Allen

9:00am - 5:00pm TeethXpress®: An optimal immediate load/function treatment solution for fully edentulous patients Lewis Cummings

Friday, August 15 • Symposium Main Program

7 CPD hours

8:30am - 8:45am Welcome to the Asia Pacific Symposium Series 2014 Mark Neri, BioHorizons VP International

8:45am - 10:00am Immediate vs delayed socket management (what we know, what we think we know & what we don't know) – Part 1 Dennis Tarnow

10:00am - 10:30am Break

10:30am - 11:30am Rationale & technique for predictable full arch reconstruction – Part 1 Lewis Cummings

11:30am - 12:15pm Maintaining long term stable esthetics with adjacent implants: technology & techniques Scott Davis

12:15pm - 12:45pm Single immediate implant placement & restoration in the maxillary anterior esthetic zone Tony Strangio

12:45pm - 1:30pm Lunch

1:30pm - 2:45pm Interdisciplinary management of non-carious cervical lesions Edward P. Allen

2:45pm - 3:15pm Complications & considerations for anterior single teeth Misagh Habibi

3:15pm - 3:45pm Break

3:45pm - 5:30pm Immediate vs delayed socket management (what we know, what we think we know and what we don't know) – Part 2 Dennis Tarnow

Saturday, August 16 • Symposium Main Program

7 CPD hours

9:00am - 10:30am Rationale & technique for predictable full arch reconstruction – Part 2 Lewis Cummings

10:30am - 11:00am Break

11:00am - 12:30pm Management of extended edentulous spaces in the esthetic zone Udatta Kher

12:30pm - 1:30pm Lunch

1:30pm - 3:00pm Immediate vs delayed socket management (what we know, what we think we know and what we don't know) – Part 2 Dennis Tarnow

3:00pm - 3:30pm Break

3:30pm - 5:00pm The interdental papilla between teeth and implants – Where are we today? Between teeth, between implants & teeth between two implants Dennis Tarnow

5:30pm - 9:00pm Cocktail party

REGISTRATION
